

# 100BON

## We are...

### Clean

All our products are formulated without the ingredients found on our Dirty List, respectful for human body and environment.

### Green

Our products either come from organic farming, or sustainable agriculture, using environmentally friendly production processes.

### Cruelty Free

All our products are cruelty-free and not tested on animals.

### Vegan

All our products are vegan certified. We fight not to use raw materials of animal origin.

### Ethique

We have the Slow Cosmetique certification, guaranteeing our brand as ethical, sustainable, eco-friendly and above all human.
